

Outcomes Manager Release 2022.11

Summary of Changes

Outcomes Manager Release **2022.11** contains the following:

- **App Launcher**

The **App Launcher** is available from the upper left corner of all **Outcomes Manager** views for ease of navigation.

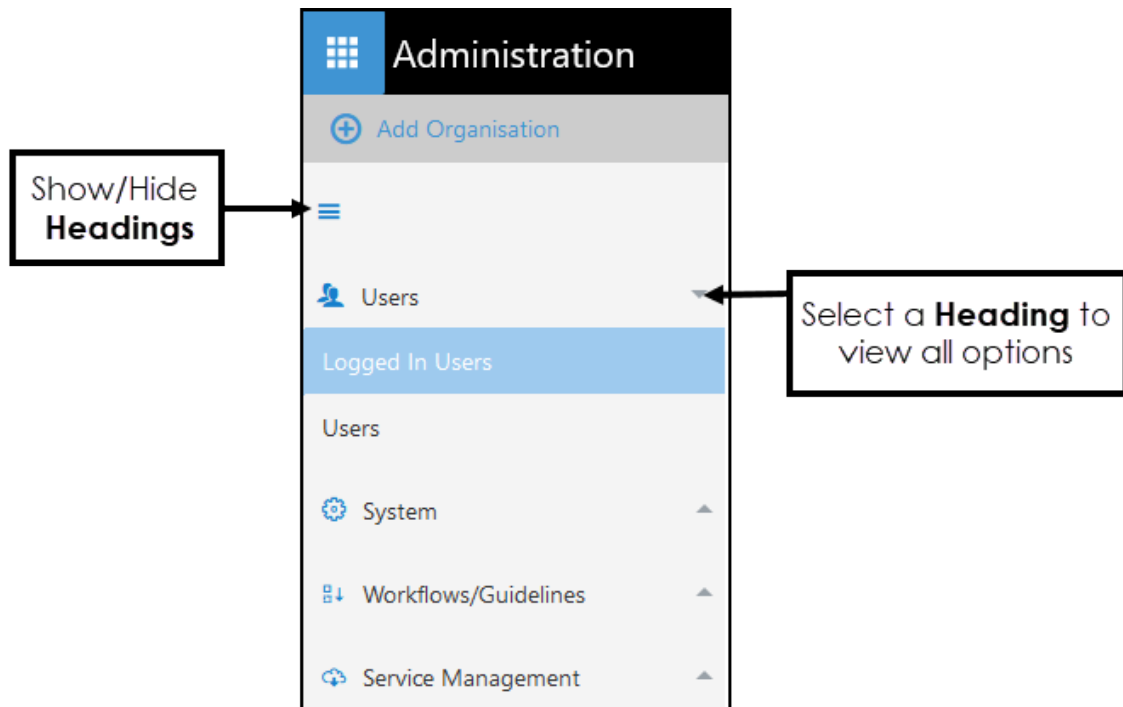

This enables you to launch new **Apps**, access recently used documents and create a new document such as a **Workflow**, **Guideline** or **Reporting Dashboard**.

- **Dashboard - Recent Documents**

The **Welcome** page **Documents** section now includes any recently accessed **Pathways** and **Reports**, along with **Guidelines**.

- **Admin App Redesign**

The **Admin App** has been updated to make it easier to navigate:

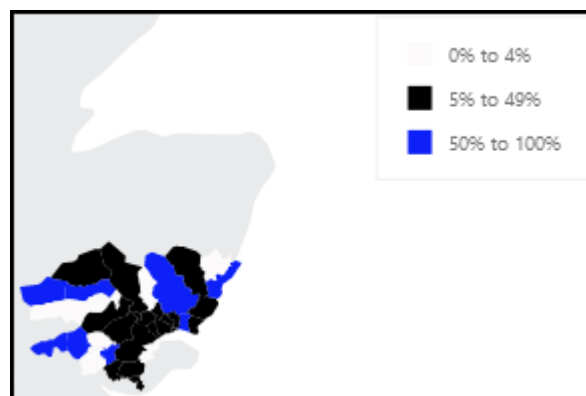

- **Reporting Dashboard**

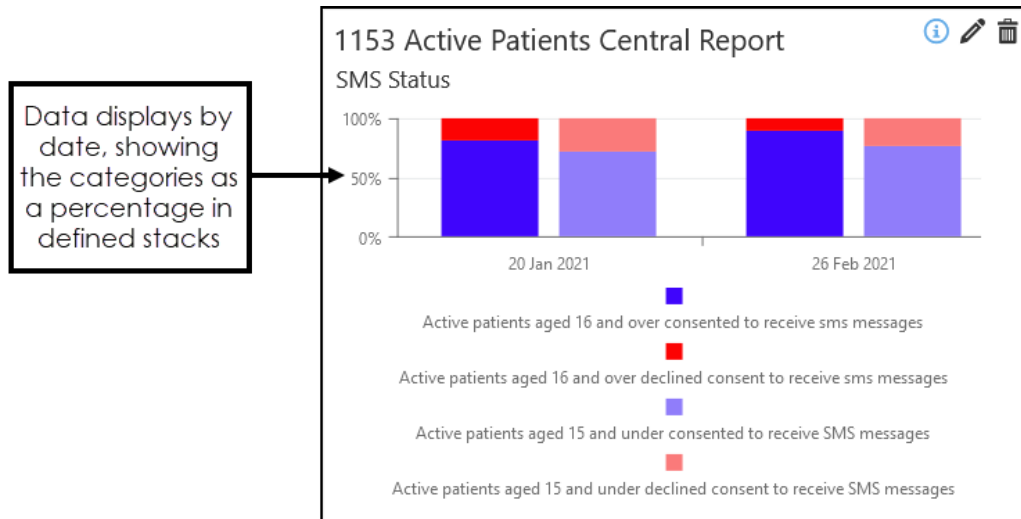

The **New Dashboard** view has been redesigned, and includes new **Widgets**. This simplifies designing a **Widget Dashboard** which offers a visual representation of data from single or multiple pathways.

The **Widgets** include:

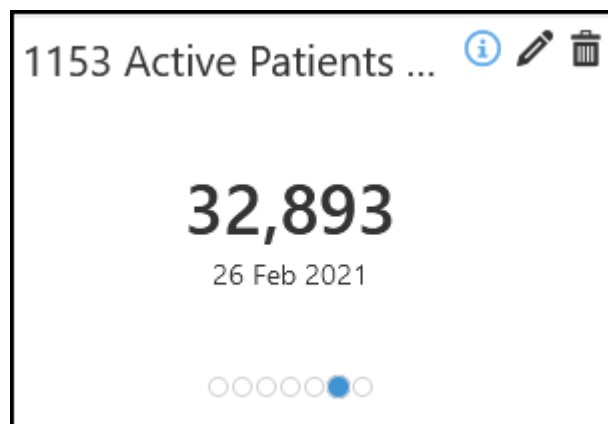

- **Bar, Line, Pie and Area Charts**
- **Heat Maps**

- **Stacked Side by Side Charts**
- **Gauge Charts**
- **Data Grids**
- **100% Area, Bar, Line and Side by Side Charts**

- **Counts**

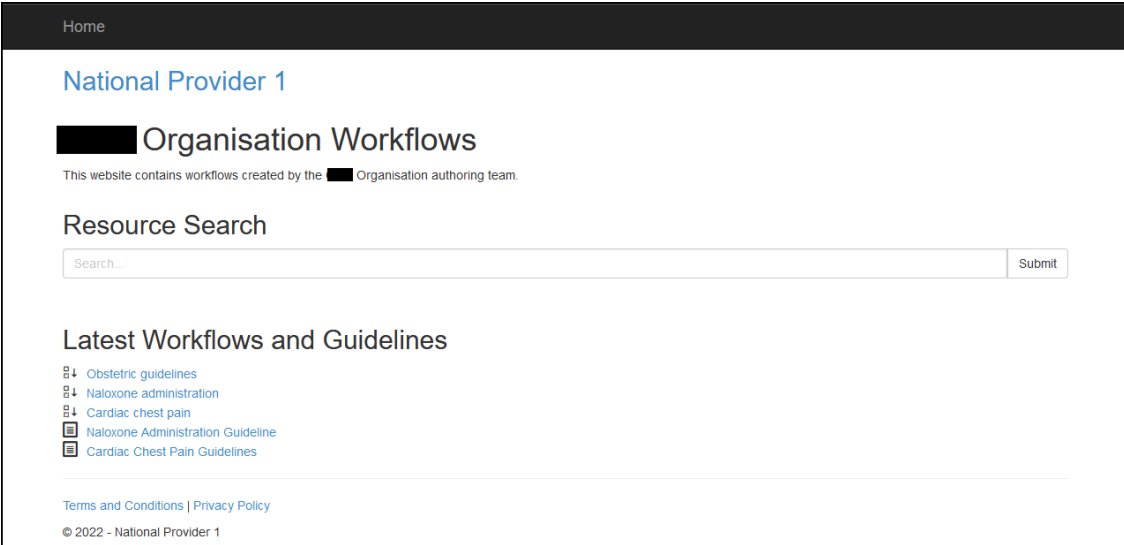

- **Cards** to enable customisation with logos
- **Service Management**
The design of the **Management Tools** has been updated.

- **Workflows - Related Information**

Following the decommissioning of **NICE Pathways**, the option to link **Workflows** to **NICE Pathways** has been removed,

- **Workflow Website**

This now includes an option to display all **Workflows** and **Guidelines** or the latest five **Workflows** and **Guidelines**.

The screenshot shows a web interface for a National Provider 1. At the top, there is a 'Home' link. Below it, the page is titled 'National Provider 1'. A section titled 'Organisation Workflows' indicates that the website contains workflows created by the organisation's authoring team. A 'Resource Search' section features a search input field and a 'Submit' button. Underneath, a 'Latest Workflows and Guidelines' section lists four items: 'Obstetric guidelines', 'Naloxone administration', 'Cardiac chest pain', 'Naloxone Administration Guideline', and 'Cardiac Chest Pain Guidelines'. At the bottom, there are links for 'Terms and Conditions | Privacy Policy' and a copyright notice for '© 2022 - National Provider 1'.
