Pathway Developer Release 2023.11

Summary of Changes

Pathway Developer Release 2023.11 contains the following:
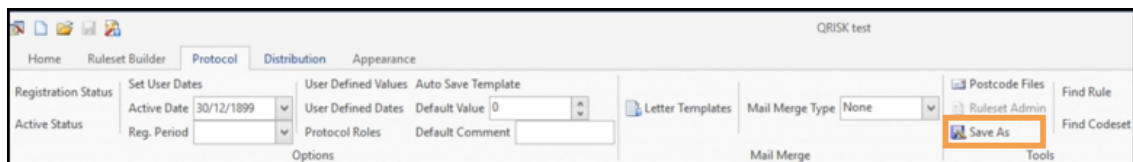

- **Improve Performance**

  Changes have been made to improve the speed of loading **Pathways** when the application starts.

- **Pathways containing User Libraries can now be copied using the Save As Function**

  Pathway Authors can create reusable sections in a **Pathway** and save these in the **User Library**, enabling them to be easily reused in further **Pathways**.

  Any **Pathway** which contains items from the **User Library** now has a **Save as** option.

- **SNOMED CT Update**

  Pathway Developer has been updated with the **SNOMED CT 35.2 Dictionary** plus mapped Read codes.
