

Pathway Developer Release 2023.21

Summary of Changes

Pathway Developer Release 2023.21 contains the following:

- **Pathway Developer Help**

The link to the **Help Files** has been updated, so when you select **Help**, you are taken straight to the **Pathway Developer** section of the help.

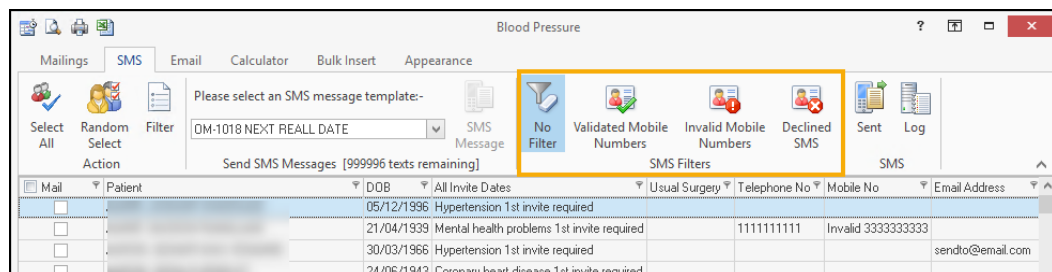

- **Call/Recall Enhancements**

The patient **Call/Recall** functions have been enhanced and include:

- **Email Recalls**

You can now send patients **Recall** invitations by email, this includes filters to identify **Validated Email Addresses**.

Following the generation of the invitation, the patient's record is updated to indicate an email invitation has been sent.

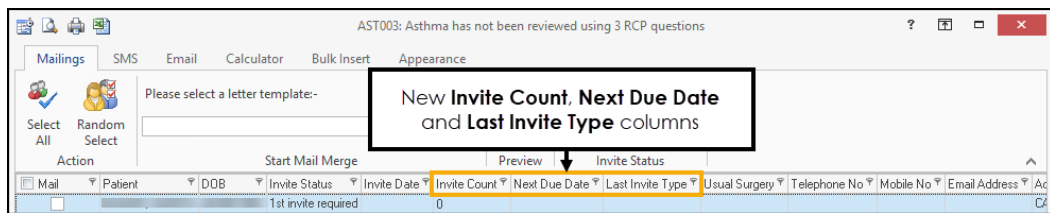

Note - The **Declined Emails** and **Invalid Emails** filters will be implemented in a later release.

- **Merge View Updated**

When generating recalls, the **Merge** screen now includes additional information:

Invite Count, Next Due Date and Last Invite Type

- **SNOMED CT Update**

Pathway Developer has been updated with the **SNOMED CT 36.2 Dictionary** plus mapped Read codes.

- **QOF 48 Business Rules Update - England**

Pathway Developer has been updated with the **2023-2024 QOF 48 Business Rules** for **England**.

- **QAIF 40 Business Rules Update - Wales**

Pathway Developer has been updated with the **2023-2024 QAIF 40 Business Rules** for **Wales**.

- **Calculators**

The **Alcohol Daily or Weekly Calculator** has been redesigned, moving the option to calculate **Daily** or **Weekly** units to the top of the calculator.
