

# SCI Gateway Referral Access - Scotland

If you use the referral screen supplied by your Health Board via Vision, the way you access the screen has been updated. This quick reference guide explains how you should now access the SCI Gateway referral screen:

**Note** - There are no changes to how you process a referral using the SCI Gateway Referral screen.

To access the SCI Gateway referral screen from Consultation Manager:

1. From the Vision front screen, select **Consultation Manager**
2. Select a patient and open a consultation in the usual way if required.
3. Select **Summary** to display the Summary menu.
4. Now, simply select **SCI Gateway** from the menu to launch the referral screen.
